| $\frac{2}{2 \prime} s$ |  | 5 5's |
| ---: | ---: | ---: |
| 2 |  | 5 |
| 4 |  | 10 |
| 6 |  | 15 |
| 8 |  | 20 |
| 10 |  | 25 |
| 12 |  | 30 |
| 14 |  | 35 |
| 16 |  | 40 |
| 18 |  | 45 |
| 20 |  | 50 |

Once you have watched the lesson video and also the counting in 2 s and 5 s videos, try your task below.

For your task you need to count the coins in 2s or 5 s and write the total in the box.
1)

2)

Total: $\square$
3)

Total: $\square$

## Challenge

Can you count the cubes? Did you count in 2 s or 5 s ? Which did you find easier?

I counted in $\qquad$
