Pupil Premium Impact 2018/2019

During the financial year we spent £41,592 in the following ways:

Emotional support through activities such as Play Therapy, Drawing and Talking etc
Free places at breakfast and after school clubs
Free lessons to learn a musical instrument
Personal resources and equipment
Free places on trips and additional activities such as sports clubs
Additional adult support within classrooms to support learning
ICT equipment and resources to support learning
Contribution to operational costs of mini-buses and activities out of school

Teacher observations and parental feedback showed generally high engagement in learning with positive well being of the pupils.

34 children were eligible for the funding by the end of the financial year.

Across the whole school 30% of pupil premium children met the expected standard for the combined expectation in reading, writing and maths. 50% achieved the expected standard in reading with 10% demonstrating greater depth, 37% in writing and 53% in maths with 20% at greater depth.

Standardised scores in reading show an average of 96 in reading and 99 in maths.

Of the 34 eligible children only 13 (38%) were present at the start of the previous school year. Of those on roll for over 18 months 54% were at the age expectation in reading/writing/maths with 62% for reading, 54% for writing and 62% for maths.

The increase in average points scored over the year for the group was slightly lower than the overall school average but all pupils demonstrated progress across the year in all subjects.
