

Castles and Knights

Starling Class

We almost can't believe that Christmas is upon us already but we have had another busy term.

Our theme for this term has been Castles and Knights and we have focussed our learning this term around non-fiction texts, including writing instructions for how to trap a dragon. Why not ask us how we would trap a dragon if one invaded for Christmas?

In Maths we have secured our knowledge of addition and subtraction and have used this to solve problems involving money. We have also chosen the correct coins to pay and investigated the different ways we can make the same value.

On Remembrance day we joined together with the rest of the school via video call for a special whole school worship. We enjoyed seeing all the other classes on the screen and continue to enjoy worship sessions in this way each week.

On our Fairy Tale day we enjoyed lots of activities linked to different stories. We made gingerbread men, role played the story of Snow White and wrote about what our favourite part of the story was.

We wish you all a safe and happy Christmas and look forward to seeing you all in the new year. Mrs Jones and Mrs Kerbey ☺
